

PROJECT BIKE TECH

For Immediate Release / Contact: Mercedes Ross / director@projectbiketrip.org / 303.618.6233

Project Bike Tech Endorsed by NICA

NICA is proud to endorse PBT, and eager to see their programs expand around the country. The training that PBT provides helps both the students and their surrounding communities by keeping more bikes running, and therefore more riders riding.

Beyond the proven capacity of their programs in Santa Cruz, PBT staff has demonstrated a longstanding and tireless commitment to helping kids develop much-needed skills in an enjoyable way. Their program model is ready to be scaled, and we're ready to do what we can to help make that happen."

-Kurt Wolfgang, NICA Development Manager
